Fall Term Program 2016

Complement your study in our fast-track modules and explore Europe in academic in-depth courses and study trips!

The program at a glance

(for more information click on the headings below)

Do you want to broaden your academic horizons and develop specialized knowledge in European politics, history, business, and culture? Our Fall Term Program offers you a three-month study abroad experience and provides the possibility of obtaining course credits. Furthermore, the Fall Term Program serves as an opportunity for international students interested in further studies at the University of Tübingen at the M.A. or even PhD level.

The Fall Term Program can be combined with one of the Summer Programs.
